Terms of Showa Kai Exhibition

-Showa Kai aims for development, encouragement and wide mention of young artists into the world. However, it is subject to the rules for entry of each business year.
-This event holds the exhibition (Showa Kai Exhibition) at Galerie NICHIDO every year. The Exhibition consists of the entered works of the artists who are selected through the selection committee and who win the award through the review. The selection committee consists of the selectors and jurors, and the review is executed by the jurors.
-All of the nominated and award-winning works which are exhibited at the exhibition shall be sellable and such prices shall be at sole discretion of Galerie NICHIDO.
-Showa Kai Award and New York Award are scheduled to be purchased works. However, works to be purchased shall be selected by the Office.
-Each award winner may hold a solo exhibition planned by Galerie NICHIDO and exhibit at a group exhibition.

**Any works breaching the rules for entry shall not be accepted.
Make sure to strictly observe the rules.**

About us

Showakai is a public subscription competition for young artists which was founded in 1965 by Tokushichi Hasegawa, the present president of Galerie Nichido.

As represented by the first Showakai Award winner, Mr. Hiroshi Okutani winning the Cultural Medal, the successive winners of Showakai Award are growing and succeeding as the major artist leading the modern Western painters' community.

Thanks to such exhibition hosted by the art gallery, the potential after award winning is broad such as holding of individual exhibitions and participation in group exhibitions, and entry in art fairs in the recent years. We are focusing not only on exploration of new artists but also development of them.

Although the recent phenomenon where significance of arts is expanding is not denied, we sincerely wish for birth of authentic artists who do not go against flow of time, but who respect the techniques and expressions valuing the traditions and who hand them over to the next generations.

Flow of Showa Kai
